ABOUT ME

I am a final year student, majoring in software engineering at Ton Duc Thang University.

Looking for an internship position as Front-end Developer, to learn and improve my programming ability.

The desire to work in a dynamic, creative, and united environment is the money to develop yourself.

Desire to participate in activities to improve solidarity, creativity, and health training.

INTERESTS

TRAVELLING
SOCCER
MUSIC
PLAYING GAME

EXPERIENCE

WEB - GOOGLE CLASSROOM

Ton Duc Thang University (9.2020 - 12.2020)
Design web layouts, dynamic and static banners, newsletters, and pop-ups using HTML, CSS, and Javascripts. Besides, learn about the PHP language.

WEB - SOCIAL MEDIA

Ton Duc Thang University (02.2021 - 05.2021)
Typically website design, layout, colors, position, effects, and web-based processes use HTML, CSS, JavaScript, and Bootstrap languages. Learn about NodeJs language.

WEB - WALLET ONLINE

Ton Duc Thang University (02.2022 - 05.2022)
Design website interface, interaction, website website layout, colors, and effects using HTML, CSS, JavaScripts, and Bootstrap languages. Train your skills to use NodeJs more fluently.

DESIGN - PHONE SHOP

Ton Duc Thang University (02.2022 - 05.2022)
Use Figma to design interface pieces. The interface has images, effects, and can navigate smoothly. Research on user experience, analyze and evaluate user behavior.
